139. To receive the report of progress in relation to matters arising from these Minutes not dealt with elsewhere on the agenda.

(Min 131) It was noted that the BT bill appeared to be larger. The Chairman had checked the last four bills and confirmed that they were similar amounts.

Many thanks to Cllr Barber who has collected the LCC trees and they have now been planted at Woody Heights.

Mark Warrick has now moved, and Cllr Barber has taken on the management of the Web Site.

Cllrs Stevens and Pelling gave a very positive report on the outcome of the site meeting at the Leisure Centre on 14.01.09 which was also attended by Mike Darkinson (Trustees)

Paul Stokes & Susie McCahon (SKDC), and Rachel Fox and Sue Chester from

Leisure Connections. It was noted that previous concerns had been addressed,

and it was hoped that the café would re-open on a contract basis. It was reported that the Trust is not fully set up yet, and a user forum would be set up which councillors would be asked to attend. Cllr Neal showed an interest.

140. To receive a report from PCSO Chris Clarke.

It was reported that there were no major incidents over Christmas. Seven unacceptable behaviour letters had been issued to youths causing anti social behaviour problems at Manor Court. A burglar had been caught whilst making his getaway in a taxi in East Street! There had been a recent theft of mopeds, but overall, crime statistics are lower. Traffic offences are also reducing, and it is hoped that PCSO's will be issuing tickets by April.

141. To receive a report from Cllr Auger on SKDC issues.

Cllr Auger reported that he had been pushing the Manor Court project, and was pleased the specification had now been received. The SKDC Local Development Framework was discussed, and Cllr Auger agreed to attend the Planning meeting on 19th February. The Budgets were currently being considered. It was confirmed that the concessionary bus fare times would be reviewed in 6-9 months. Cllr Stevens then commented about the Deepings Local Forum meeting, and it was agreed to bring Item 147.1 forward. It was reported that attendance was very low due to lack of advertising, which should be improved to achieve better value for money. It was also reported that they had been asked to vote on various issues without prior warning and also felt that this was not representative of the area due to the bad attendance. Cllr Auger responded by explaining that the questions were asked at all of the forum meetings to obtain a small sample of views. It was confirmed that the Parish Council's planning responses carried no more weight than an individual comment. It was agreed that as the planning committee and council members spend considerable time consulting and representing the views of our residents, it should carry more weight than this. Karen Sinclair from SKDC was asked if this was the law or if it had just become custom and practise at SK, and was unable to respond. The Clerk was asked to clarify this question, and also to approach LALC to confirm the law. Cllr Pelling commented that SKDC were still not consistent with their decisions in some cases. After a lengthy discussion, the Clerk was asked to put "Village Design Statement" as an agenda item at the next meeting for further discussion as it was thought this would then enable us to have more say in planning decisions.

142. To receive and agree the Council's response to correspondence received since the last meeting which is attached at Appendix 1 to this document.
